ZipCoreDesignPro
Packaging Software

Zip Core Design Pro includes all the features from Zip Core Design:

Library Of Packaging Designs

Drafting With Parametric Components

3D Presenter

Adobe Illustrator Integration

Layout Optimiser

Plus the following features:

Nesting Layout

A true shape layout optimiser that arranges multipart POP/POS displays automatically onto a set of sheets taking into account the defined parameters and settings.

Library of Display Designs

A collection of parametric POP/POS displays and complex multipart structures – furniture, walls, booths, kids corners – for corrugated and rigid board.
